Green Bonds Issuance

Jordan Kuwait Bank has issued the first green bond in Jordan for the amount of USD 50 million for a period of 5 years.

IFC invested USD 50 million in the five-year bond, issued by Jordan Kuwait Bank. The financing comprises up to \$36 million from IFC's own account, and a blended finance co-investment of up to \$10 million from the Canada-IFC Blended Climate Finance Program and \$4 million from the Dutch-funded MENA Private Sector Development Facility, both implemented by IFC.

Jordan Kuwait Bank will earmark the proceeds for green projects and assets – including renewable energy projects, low-carbon vehicles, green infrastructure such as low-carbon transport, new energy-efficient green buildings, and sustainably managed water resources and waste.

This pioneering step paves the way for issuing more green bonds in the Kingdom; unleashing financing Jordan's economic transformation into a green economy and developing a new asset class to the Jordanian capital market to finance sustainable and environmentally friendly projects that aim to reduce greenhouse gas emissions and unemployment rates.

Jordan Kuwait Bank resolved, in its Board of Directors meeting held on December 21st of 2022, to approve the acquisition of 76.972% of the paid-up capital of BHM Capital. Noting that the initial approval of the Central Bank of Jordan was obtained on this transaction.

BHM Capital Financial Services is a private joint stock company listed in Dubai Financial Market (DFM) and regulated by UAE Securities and Commodities Authority.

Since its inception in 2006, it has been ranked as one of the top firms in the country's financial markets. It is considered a pioneer in providing specialized technological services to its retail and corporate clients on a regional level due to its advanced systems.

BHM also offers other trade fields to its clients through access to capital markets in UAE, KSA, USA, UK, Europe and other regional and international markets as well as a wide range of financial services and investment instruments including prime brokerage, investment management, liquidity providing, market making, corporate advisory and research.

The head office is located in Dubai, and has branches in Abu Dhabi, Sharjah, RAK, Al Ain and inside Dubai Financial Market (DFM).
